

# SAFETY DATA SHEET

## 1. Identification

Product identifier **GET DOWN Defoamer**

Other means of identification

SDS number

Recommended use Antifoam

Recommended restrictions None known

Manufacturer/Importer/Supplier/Distributor information

Manufacturer

Company name  
Address

**Quest Products Corp.  
23611 Linwood Road  
Linwood, Kansas 66052**

United States

Telephone

Main Telephone Number **785-542-2577**

Website

E-mail

Emergency phone number

CHEMTREC 1-800-424-9300  
CHEMTREC 1-703-527-3887 (call collect)

## 2. Hazard(s) identification

Physical hazards Not classified  
Health hazards Not classified  
Environmental hazards Not classified  
OSHA defined hazards  
Combustible dust Not applicable  
Pyrophoric gas Not applicable  
Simple asphyxiant Not applicable

Label elements

Hazard symbol None

Signal word None

Hazard statement The mixture does not meet the criteria for classification.

Prevention Observe good industrial hygiene practices

Response Wash hands after handling

Storage Store away from incompatible materials

Disposal Dispose of waste and residues in accordance with local authority requirements.

Hazard(s) not otherwise classified (HNOC) None known

Supplemental information Not applicable

## 3. Composition/information on ingredients

Mixtures

| Chemical name                            | Common name and synonyms | CAS number | %        |
|--|--------------------------|------------|----------|
| Propylene Glycol                         |                          | 57-55-6    | 1 - < 3  |
| Other components below reportable levels |                          |            | 90 - 100 |

\*Designates that a specific chemical identity and/or percentage of composition has been withheld as a trade secret

## 4. First-aid measures

Inhalation: Move to fresh air. Call a physician if symptoms develop or persist.

Skin contact: Wash off with soap and water. Get medical attention if irritation develops and persists.

|  |  |
|--|--|
| Eye contact  | Rinse with water. Get medical attention if irritation develops and persists.                                     |
| Ingestion  | Rinse mouth. Get medical attention if symptoms occur.  |
| Most important symptoms/effects, acute and delayed                     | Direct contact with eyes may cause temporary irritation.   |
| Indication of immediate medical attention and special treatment needed | Treat symptomatically.   |
| General information  | Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves. |

## 5. Fire-fighting measures

|   |   |
|---|---|
| Suitable extinguishing media                                  | Water fog. Foam. Dry chemical powder. Carbon dioxide (CO <sub>2</sub> ).                      |
| Unsuitable extinguishing media                                | Do not use water jet as an extinguisher, as this will spread the fire.                        |
| Specific hazards arising from the chemical                    | During fire, gases hazardous to health may be formed.   |
| Special protective equipment and precautions for firefighters | Self-contained breathing apparatus and full protective clothing must be worn in case of fire. |
| Fire-fighting equipment/instructions                          | Move containers from fire area if you can do so without risk.                                 |
| Specific methods  | Use standard firefighting procedures and consider the hazards of other involved materials.    |
| General fire hazards  | No unusual fire or explosion hazards noted.   |

## 6. Accidental release measures

|   |   |
|---|---|
| Personal precautions, protective equipment and emergency procedures | Keep unnecessary personnel away. Keep people away from and upwind of spill/leak. Wear appropriate personal protective equipment. Ensure adequate ventilation. Local authorities should be advised if significant spillages cannot be contained. For personal protection, see section 8 of the SDS.  |
| Methods and materials for containment and cleaning up               | This product is miscible in water. The product is immiscible with water and will spread on the water surface.<br><br>Large Spills: Stop the flow of material, if this is without risk. Dike the spilled material, where this is possible. Absorb in vermiculite, dry sand or earth and place into containers. Following product recovery, flush area with water.<br><br>Small Spills: Wipe up with absorbent material (e.g. cloth, fleece). Clean surface thoroughly to remove residual contamination.<br><br>Never return spills to original containers for re-use. For waste disposal, see section 13 of the SDS. |
| Environmental precautions   | Avoid release to the environment. Contact local authorities in case of spillage to drain/aquatic environment. Prevent further leakage or spillage if safe to do so. Do not contaminate water. Avoid discharge into drains, water courses or onto the ground.  |

## 7. Handling and storage

|  |   |
|--|---|
| Precautions for safe handling                                | Avoid prolonged exposure. Observe good industrial hygiene practices.  |
| Conditions for safe storage, including any incompatibilities | Store in original tightly closed container. Store away from incompatible materials (see Section 10 of the SDS). |

## 8. Exposure controls/personal protection

### Occupational exposure limits

US. AIHA Workplace Environmental Exposure Level (WEEL) Guides

| Components                     | Type | Value                | Form     |
|--------------------------------|------|----------------------|----------|
| Propylene Glycol (CAS 57-55-6) | TWA  | 10 mg/m <sup>3</sup> | Aerosol. |

**Biological limit values** No biological exposure limits noted for the ingredient(s).

|  |  |
|--|--|
| <b>Appropriate engineering controls</b>                                      | Good general ventilation (typically 10 air changes per hour) should be used. Ventilation rates should be matched to conditions. If applicable, use process enclosures, local exhaust ventilation, or other engineering controls to maintain airborne levels below recommended exposure limits. If exposure limits have not been established, maintain airborne levels to an acceptable level. It is recommended that users of this product perform a risk assessment to determine the appropriate PPE. |
| <b>Individual protection measures, such as personal protective equipment</b> |  |
| <b>Eye/face protection</b>   | If contact is likely, safety glasses with side shields are recommended.  |
| <b>Hand protection</b>   | For prolonged or repeated skin contact use suitable protective gloves.   |
| <b>Skin protection</b>   |  |
| <b>Other</b>   | Wear suitable protective clothing.   |
| <b>Respiratory protection</b>  | In case of insufficient ventilation, wear suitable respiratory equipment.  |
| <b>Thermal hazards</b>   | Wear appropriate thermal protective clothing, when necessary.  |
| <b>General hygiene considerations</b>  | Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment to remove contaminants.  |

## 9. Physical and chemical properties

|   |   |
|---|---|
| <b>Appearance</b>                                   | Clear to hazy or milky white                      |
| <b>Physical state</b>                               | Liquid.   |
| <b>Form</b>   | Liquid.   |
| <b>Color</b>  | Not available.                                    |
| <b>Odor</b>   | Mild.   |
| <b>Odor threshold</b>                               | Not available.                                    |
| <b>pH</b>   | Not available.                                    |
| <b>Melting point/freezing point</b>                 | 32 °F (0 °C)                                      |
| <b>Initial boiling point and boiling range</b>      | > 212 °F (> 100 °C)                               |
| <b>Flash point</b>                                  | > 212.0 °F (> 100.0 °C) Pensky-Martens Closed Cup |
| <b>Evaporation rate</b>                             | < 1 (Water =1)                                    |
| <b>Flammability (solid, gas)</b>                    | Not available.                                    |
| <b>Upper/lower flammability or explosive limits</b> |   |
| <b>Flammability limit - lower (%)</b>               | Not available.                                    |
| <b>Flammability limit - upper (%)</b>               | Not available.                                    |
| <b>Explosive limit - lower (%)</b>                  | Not available.                                    |
| <b>Explosive limit - upper (%)</b>                  | Not available.                                    |
| <b>Vapor pressure</b>                               | Not available.                                    |
| <b>Vapor density</b>                                | Not available.                                    |
| <b>Relative density</b>                             | Not available.                                    |
| <b>Solubility(ies)</b>                              |   |
| <b>Solubility (water)</b>                           | Insoluble to Dispersible                          |
| <b>Partition coefficient (n-octanol/water)</b>      | Not available.                                    |
| <b>Auto-ignition temperature</b>                    | Not available.                                    |
| <b>Decomposition temperature</b>                    | Not available.                                    |
| <b>Viscosity</b>                                    | Not available.                                    |
| <b>Other information</b>                            |   |
| <b>Flash point class</b>                            | Non-Flammable                                     |
| <b>Percent volatile</b>                             | 74 - 75 %   |
| <b>pH in aqueous solution</b>                       | 4 - 7 (1% in 50:50 IPA:H2O)                       |

Specific gravity 0.99 - 1.02 @ 77 deg F  
 VOC (Weight %) 1.81 %

**10. Stability and reactivity**

**Reactivity** The product is stable and non-reactive under normal conditions of use, storage and transport.  
**Chemical stability** Material is stable under normal conditions.  
**Possibility of hazardous reactions** No dangerous reaction known under conditions of normal use.  
**Conditions to avoid** Contact with incompatible materials.  
**Incompatible materials** Acids, Bases, alkalis (organic).  
**Hazardous decomposition products** Carbon oxides.

**11. Toxicological information**

**Information on likely routes of exposure**

**Ingestion** Expected to be a low ingestion hazard.  
**Inhalation** Prolonged inhalation may be harmful.  
**Skin contact** No adverse effects due to skin contact are expected.  
**Eye contact** Direct contact with eyes may cause temporary irritation

**Symptoms related to the physical, chemical and toxicological characteristics** Direct contact with eyes may cause temporary irritation.

**Information on toxicological effects**

**Acute toxicity**

| Product                                | Species    | Test Results               |
|--|------------|----------------------------|
| Antifoam 8810 Food Grade (CAS Mixture) |            |                            |
| <i>Acute</i>                           |            |                            |
| <i>Oral</i>                            |            |                            |
| LD50                                   | Dog        | 1583.3334 g/kg estimated   |
|  | Guinea pig | 1533.3334 g/kg estimated   |
|  | Mouse      | 1991.6666 g/kg estimated   |
|  | Rabbit     | 1500 g/kg estimated        |
|  | Rat        | 578.5193 g/kg estimated    |
| <i>Other</i>                           |            |                            |
| LD50                                   | Rat        | 25401.1563 mg/kg estimated |

| Components                     | Species    | Test Results |
|--------------------------------|------------|--------------|
| Propylene Glycol (CAS 57-55-6) |            |              |
| <i>Acute</i>                   |            |              |
| <i>Oral</i>                    |            |              |
| LD50                           | Dog        | 19 g/kg      |
|                                | Guinea pig | 18.4 g/kg    |
|                                | Mouse      | 23.9 g/kg    |
|                                | Rabbit     | 18 g/kg      |
|                                | Rat        | 30 g/kg      |

\* Estimates for product may be based on additional component data not shown.

**Skin corrosion/irritation** Prolonged skin contact may cause temporary irritation.  
**Serious eye damage/eye irritation** Direct contact with eyes may cause temporary irritation.  
**Respiratory or skin sensitization**  
**Respiratory sensitization** Not available.

**Skin sensitization** This product is not expected to cause skin sensitization.

**Germ cell mutagenicity** No data available to indicate product or any components present at greater than 0.1% are mutagenic or genotoxic.

**Carcinogenicity** This product is not considered to be a carcinogen by IARC, ACGIH, NTP, or OSHA.

**US, OSHA Specifically Regulated Substances (29 CFR 1910.1001-1050)**

Not listed.

**Reproductive toxicity** This product is not expected to cause reproductive or developmental effects.

**Specific target organ toxicity - single exposure** Not classified.

**Specific target organ toxicity - repeated exposure** Not classified.

**Aspiration hazard** Not available.

**Chronic effects** Prolonged inhalation may be harmful.

**12. Ecological information**

**Ecotoxicity** The product is not classified as environmentally hazardous. However, this does not exclude the possibility that large or frequent spills can have a harmful or damaging effect on the environment.

| Components                     | Species |                                      | Test Results           |
|--------------------------------|---------|--------------------------------------|------------------------|
| Propylene Glycol (CAS 57-55-6) |         |                                      |                        |
| Aquatic                        |         |                                      |                        |
| Crustacea                      | EC50    | Water flea (Daphnia magna)           | > 10000 mg/l, 48 hours |
| Fish                           | LC50    | Fathead minnow (Pimephales promelas) | 710 mg/l, 96 hours     |

\* Estimates for product may be based on additional component data not shown.

**Persistence and degradability** No data is available on the degradability of this product.

**Bioaccumulative potential** No data available.

**Partition coefficient n-octanol / water (log Kow)**

Propylene Glycol -0.92

**Mobility in soil** No data available

**Other adverse effects** No other adverse environmental effects (e.g. ozone depletion, photochemical ozone creation potential, endocrine disruption, global warming potential) are expected from this component.

**13. Disposal considerations**

**Disposal instructions** Collect and reclaim or dispose in sealed containers at licensed waste disposal site.

**Local disposal regulations** Dispose in accordance with all applicable regulations.

**Hazardous waste code** The waste code should be assigned in discussion between the user, the producer and the waste disposal company.

**Waste from residues / unused products** Dispose of in accordance with local regulations. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe manner (see: Disposal instructions).

**Contaminated packaging** Empty containers should be taken to an approved waste handling site for recycling or disposal. Since emptied containers may retain product residue, follow label warnings even after container is emptied.

**14. Transport information**

**DOT**  
Not regulated as dangerous goods.

**IATA**  
Not regulated as dangerous goods.

**IMDG**  
Not regulated as dangerous goods.

**Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code** Not available.

**15. Regulatory information**

**US federal regulations**

- TSCA Section 12(b) Export Notification (40 CFR 707, Subpt. D)**  
Not regulated.
- CERCLA Hazardous Substance List (40 CFR 302.4)**  
Not listed.
- SARA 304 Emergency release notification**  
Not regulated.
- US. OSHA Specifically Regulated Substances (29 CFR 1910.1001-1050)**  
Not listed.

**Superfund Amendments and Reauthorization Act of 1986 (SARA)**

**Other federal regulations**

- Clean Air Act (CAA) Section 112 Hazardous Air Pollutants (HAPs) List**  
Not regulated.
- Clean Air Act (CAA) Section 112(r) Accidental Release Prevention (40 CFR 68.130)**  
Not regulated.
- Safe Drinking Water Act (SDWA)** Not regulated.

**US state regulations**

- US. Massachusetts RTK - Substance List**  
Not regulated.
- US. New Jersey Worker and Community Right-to-Know Act**  
Not regulated.
- US. Pennsylvania RTK - Hazardous Substances**  
Propylene Glycol (CAS 57-55-6)
- US. Rhode Island RTK**  
Not regulated.
- US. California Proposition 65**  
California Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65): This material is not known to contain any chemicals currently listed as carcinogens or reproductive toxins.

**International inventories**

| Country(s) or region | Inventory name   | On inventory (yes/no)* |
|----------------------|--|------------------------|
| Australia            | Australian Inventory of Chemical Substances (AICS)                     | Yes                    |
| Canada               | Domestic Substances List (DSL)   | Yes                    |
| Canada               | Non-Domestic Substances List (NDSL)                                    | No                     |
| China                | Inventory of Existing Chemical Substances in China (IECSC)             | Yes                    |
| Europe               | European Inventory of Existing Commercial Chemical Substances (EINECS) | Yes                    |
| Europe               | European List of Notified Chemical Substances (ELINCS)                 | No                     |
| Japan                | Inventory of Existing and New Chemical Substances (ENCS)               | No                     |
| Korea                | Existing Chemicals List (ECL)  | Yes                    |
| New Zealand          | New Zealand Inventory  | Yes                    |

| Country(s) or region        | Inventory name  | On inventory (yes/no)* |
|-----------------------------|---|------------------------|
| Philippines                 | Philippine Inventory of Chemicals and Chemical Substances (PICCS) | Yes                    |
| United States & Puerto Rico | Toxic Substances Control Act (TSCA) Inventory                     | Yes                    |

\*A "Yes" indicates that all components of this product comply with the inventory requirements administered by the governing country(s)

A "No" indicates that one or more components of the product are not listed or exempt from listing on the inventory administered by the governing country(s).
