Section 4: First Aid Measures

Description of Necessary First Aid Measures

General	Never give anything by mouth to an unconscious person. If you feel unwell, seek medical advice.
Inhalation	When symptoms occur: go into open air and ventilate suspected area.
Skin Contact	Brush off loose particles from skin. Rinse immediately with plenty of water. Obtain medical attention if irritation develops or persists.
Eye Contact	Rinse cautiously with water for at least 15 minutes. Remove contact lenses, if present and easy to do so. Continue rinsing. Obtain medical attention if irritation persists.
Ingestion	Rinse mouth. Do NOT induce vomiting. Seek medical attention if a large amount is swallowed.

Most Important symptoms and effects, both acute and delayed

General	None expected under normal conditions of use.
Inhalation	Prolonged inhalation of dust may cause respiratory irritation.
Skin Contact	Skin contact with large amounts of dust may cause mechanical irritation.
Eye Contact	Contact may cause irritation due to mechanical abrasion.
Ingestion	Large doses may produce systemic alkalosis and expansion in extracellular fluid volume with edema.

Indication of Immediate Medical Attention and Special Treatment Needed. (If Necessary)

If exposed or concerned, get medical advice and attention.
