

Armorex

Safety Data Sheet (SDS)

Created on: 11 February 2015
Revised on: 11 February 2015

SECTION 1: Identification

(1a) Product identifier (trade name):

Product Name : Armorex (PC-1498)

(1b) Other means of identification:

Generic Name or Description : Substrate Protectant

(1c) Recommended use and restrictions on use:

FOR INDUSTRIAL/INSITUATIONAL USE ONLY. NOT INTENDED FOR CONSUMER USE.
Please read label for appropriate directions for use.

(1d) Name, address, and telephone number of the responsible party:

Company : Atco International
Address : 1401 Barclay Circle,S.E.
Marietta, GA 30060
Telephone : 770.424.7550
Toll-Free : +1.800.723.2826
Email : CustomerService@atco-intl.com
Website : www.atco-intl.com

(1e) Emergency phone number:

Chemtel : +1.800.255.3924

SECTION 2: Hazard Identification

(2a) Classification of the product:

Physical Hazards : Not Classified
Health Hazards : Skin Sensitization, category 1
Other Hazards : None known.

(2b) Labeling elements:

Hazard Pictograms :

Signal Word :

WARNING

Hazard Statement(s) :

May cause an allergic skin reaction.

Precautionary Statement(s)

Prevention

: Avoid breathing mist or vapor.
Contaminated work clothing must not be allowed out of the workplace.
Wear protective gloves.

Response

: **KEEP OUT OF REACH OF CHILDREN**
IF ON SKIN: Wash with plenty of water.
If skin irritation or rash occurs: Get medical attention.
Specific treatment (see FIRST AID section on this label).
Wash contaminated clothing before reuse.

Storage

: Store in a well-ventilated place.

Disposal

: Dispose of contents/container in accordance with local/regional/national/international regulations..

*Note: Labeling elements found on the SDS may be different from actual hazards listed on product label. Safety Data Sheets are regulated by OSHA (29 CFR, 1910.1200 (Hazard Communication)) while the actual product and product label may be regulated by a different government entity. Please contact the responsible party (as listed in Section 1) if you have any questions.

(2c) Hazards not otherwise classified:

No other hazards are associated with this product or mixture

(2d) Unknown acute toxicity components:

No unknown acute toxicity components are associated with this product or mixture.

(2e) NFPA & HMIS Ratings:

NFPA
(0-Least, 1-Slight, 2-Moderate, 3-High,
4-Extreme (Scale 0-4))

HEALTH:
[#]

FLAMMABILITY:
[#]

REACTIVITY:

HMIS® III
(0-Least, 1-Slight, 2-Moderate, 3-High,
4-Extreme (Scale 0-4))

HEALTH	1
FIRE	1
PHYSICAL HAZARD	0

SECTION 3: Composition and Information on Ingredients

(3a) Classification of the product:

Chemical Name:	Identifier (CAS No.):	Concentration:	Specific Hazards:
Polyethylene Oxide	25322-68-3	< 0.1%	
Sodium Hydroxide	1310-73-2	< 0.1%	

(3b) Trade Secret Claims and Notes:

Trade Secret Claim : When applicable, the specific concentration of each hazardous ingredient is considered a TRADE SECRET. Chemical names and identifiers are released to ensure that each user has entitlements of "right to know" and concentration ranges are selected to ensure that the appropriate hazard classification applies to the mixture. Ingredients not subject to Trade Secret claims are listed at an exact concentration. For more information please contact the responsible party as listed in Section 1.

Notes : This product may contain other ingredients that are not required to be disclosed on the label or safety data sheet. Any ingredient that is not listed on either the SDS or label is not considered hazardous and poses no risk to the user.

SECTION 4: First Aid Measures

(4a) Necessary measures if exposed:

- GENERAL INFORMATION : Have SDS or product label if medical advice is needed. Seek a medical professional or doctor if you feel unwell or if any irritation persists. Specific hazard information can be found in Section 2 of this SDS.
- IF ON SKIN (or hair) : Wash with soap and water. Take off any contaminated clothing and launder before reuse.
- IF IN EYES : Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing for at least 10 minutes or until satisfied.
- IF INHALED : Move to fresh air. Administer oxygen if breathing is difficult. If breathing has stopped give artificial respiration and seek medical attention immediately.
- IF INGESTED (or swallowed) : Do not induce vomiting unless instructed to do so by a medical professional. Never give anything by mouth to an unconscious person.

(4b) Most important exposure symptoms and effects, both acute and delayed:

- Skin contact symptoms : Product may dry and crack skin. If irritation/corrosion occurs skin will turn red and will feel itchy or uncomfortable.
- Eye contact symptoms : Eye sight may become blurry on contact. Redness, irritation, and tearing may also be associated with exposure.
- Inhalation symptoms : Excessive inhalation may cause respiratory irritation, dizziness, drowsiness, fatigue, nausea, headache, possible unconsciousness, shortness of breath, or vertigo.
- Ingestion symptoms : May cause intestinal irritation, nausea, diarrhea, or vomiting. Aspiration may be fatal in some situations.

(4c) Indication of immediate medical attention if necessary:

Refer to Section 2b-Response to determine when immediate medical attention is necessary. Most immediate emergencies result from over-exposure, inhalation, or ingestion of product.

SECTION 5: Fire Fighting Measures

(5a) Extinguishing media:

- Suitable extinguishing media : Water fog. Foam. Dry chemical powder. Carbon dioxide.
If extinguishing methods are unavailable cool the container with water if exposed to heat or flame.
- Unsuitable extinguishing media : None known

(5b) Specific hazards pertaining to product:

- Fire Hazard : During fire, gases hazardous to health may be formed.

(5c) Special protective equipment and precautions for fire-fighters:

- Suggested protective equipment : Self-contained breathing apparatus and full protective clothing must be worn in case of fire.
- Precautions for fire-fighters : Use standard firefighting procedures and consider the hazards of other involved materials.

SECTION 6: Accidental Release Measures

(6a) Personal precautions, protective equipment, and emergency procedures:

- If released or spilled : Remove or eliminate all sources of ignition. Establish ventilation to keep atmospheric concentrations below limits. Avoid breathing vapors. Wear protective equipment. Remove and keep all unprotected persons away from area.
- Recommended protective equipment : See section 8 for appropriate personal protection gear for safe handling in case of accidental release or spillage.

(6b) Methods and materials for containment and clean up:

- Neutralizing chemical : Absorb into clay-like absorbent material
- Waste disposal method : Do not release into sewage or waterways. Contact a professional waste removal company to dispose of chemical in accordance with state, local, and federal regulations.

SECTION 7: Handling and Storage

(7a) Precautions for safe handling:

Wear protective equipment. Follow specific instructions found on label and in Section 2 of this SDS. Proper protective equipment information can be found in Section 8 of this SDS.

(7b) Conditions for safe storage:

- Storage conditions : Store in original tightly closed container. Keep away from oxidizing agents and watery environments.
Store upright without excessive load on top.
- Specific hazards for storage : None known.

SECTION 8: Exposure Controls & Personal Protection

(8a) Exposure Limits:

Chemical Name:	Identifier (CAS No.):	PEL:	ACGIH:	NIOSH:
Polyethylene Oxide	25322-68-3	n/a	n/a	n/a
Sodium Hydroxide	1310-73-2	2 mg/m ³	2 mg/m ³	2 mg/m ³

(8b) Appropriate engineering controls:

Good mechanical ventilation may be adequate for maintain airborne concentrations below established exposure limits for large uncontrolled releases. If exposure limits are exceeded and inhaled: use a NOISH approved respirator.

(8c) Individual protection measures and personal protective equipment:

Skin protection	:		Handle material with gloves and protective clothing. Inspect gloves prior to use. Use proper glove removal techniques so that no skin comes into contact with the outside of the glove. Gloves must be chemically resistant (such as rubber).
General Hygiene	:		Practice good industrial hygiene. Wash hands before breaks and at the end of the workday. Keep product away from foodstuffs, beverages, and feed. Wash and launder all contaminated clothing before reuse.

SECTION 9: Physical and Chemical Properties

(9a) General characteristics:

Appearance	:	White liquid
Odor	:	Characteristic odor
Odor threshold	:	No data are available or specific property is not applicable to product.
pH	:	7-8
Melting point/freezing point	:	No data are available or specific property is not applicable to product.
Initial boiling point and range	:	212°F
Flash point	:	Greater than 212° F (100°C).
Evaporation rate	:	No data are available or specific property is not applicable to product.
Flammability	:	No data are available or specific property is not applicable to product.
Upper/lower explosive limits	:	No data are available or specific property is not applicable to product.
Vapor pressure	:	No data are available or specific property is not applicable to product.
Vapor density	:	No data are available or specific property is not applicable to product.
Relative density	:	No data are available or specific property is not applicable to product.
Solubility	:	Completely soluble
Partition coefficient	:	No data are available or specific property is not applicable to product.
Auto-ignition temperature	:	No data are available or specific property is not applicable to product.
Decomposition temperature	:	No data are available or specific property is not applicable to product.
Viscosity	:	No data are available or specific property is not applicable to product.

(9b) Other information:

VOC percentage	:	0%
----------------	---	----

SECTION 10: Stability and Reactivity

(10a) Reactivity:

Not determined or not applicable.

(10b) Chemical stability:

Stable under normal conditions.

(10c) Possibly of hazardous reactions:

Can not occur.

(10d) Conditions to avoid:

Heat, sparks, open flames, ignition sources, sunlight, and watery or moist environments.

(10e) Incompatible materials:

Strong oxidizing agents.

(10f) Hazardous decomposition:

Not determined or not applicable.

SECTION 11: Toxicological Information

(11a) Likely routes of exposure:

Toxicological exposure may occur via inhalation, ingestion, oral contact, and dermal contact based on the area exposed during use. Symptoms are more likely to increase the longer the exposure to the chemical.

(11b) Symptoms related to the physical, chemical, and toxicological characteristics:

Not determined or not applicable

(11c) Delayed, chronic, and immediate effects of short- and long-term exposure:

Not determined or not applicable.

(11d) Numerical measures of toxicity:

Ingredients of mixture are proven to not be toxic or do not meet minimum thresholds for toxicity reporting.

(11e) Hazardous chemicals listings:

National Toxicology Program Report : No ingredients are listed
International Agency for Research on Cancer : No ingredients are listed

SECTION 12: Ecological Information

(12a) Ecotoxicity:

Product is not considered an environmental hazard. Avoid release of mixture in sewage or waterways.

(12b) Persistence and degradability:

Not determined or not applicable.

(12c) Bioaccumulative potential:

Not determined or not applicable.

(12d) Mobility in soil:

Not determined or not applicable.

(12e) Other adverse effects:

Not determined or not applicable.

SECTION 13: Disposal Considerations

(13a) Precautions for proper disposal:

Container may be recycled. Before recycling: ensure container is completely emptied. Contact your local waste removal company before recycling to ensure compliance with local regulations.

(13b) Other information:

Consult with a licensed waste removal company for proper disposal considerations. Dispose of product in accordance to local, state, and federal regulations.

SECTION 14: Transport Information

(14a) United Nations shipping information:

UN shipping number : Not regulated.
UN proper shipping name : Not regulated.
IMO Packaging Group : Not regulated.

(14b) United States Department of Transportation information:

Transport hazard class : Not regulated.
D.O.T. shipping name : Not applicable.
D.O.T. classification : Not applicable.
Flammability group : Not applicable.
Shipping placards :

(14c) Other information:

Environmental hazards : Is not hazardous to aquatic environments
International bulk chemical code : Not determined
Special precautions : Ship container upright without excessive load on top

SECTION 15: Regulatory Information

(15a) United States federal regulations:

SARA 302 components : No ingredients are subject to reporting
SARA 313 components : No ingredients are subject to reporting

(15b) Specific state regulations:

Massachusetts Right to Know : Sodium Hydroxide (CAS 1310-73-2)

New Jersey Right to Know	:	Sodium Hydroxide (CAS 1310-73-2)
Pennsylvania Right to Know	:	Sodium Hydroxide (CAS 1310-73-2)
Rhode Island Right to Know	:	Sodium Hydroxide (CAS 1310-73-2)
California Prop 65 components	:	This product does not contain any chemicals known to the State of California to cause cancer, birth defects, or any other reproductive harm.

(15c) Regulating government agencies:

Safety Data Sheet	:	OSHA, 29 CFR 1910.1200 of the United States Code.
Product and Product Label	:	OSHA, 29 CFR 1910.1200 of the United States Code.
Note	:	The product label and its wording and symbols may differ from the hazard categories, statements, and wording that are presented in this SDS. This might occur if the product is not subject to OSHA labeling requirements or if the product is regulated by a different government agency (such as the Consumer Product Safety Commission, Food and Drug Administration, or the Environmental Protection Agency). The label may also indicate additional hazards or precautions that are not listed on this safety data sheet—this is done at the discretion of the responsible party and only serves to ensure that the user's safety is prioritized above government regulation.

SECTION 16: Other Information

(16a) Statement of warranty:

This SDS was completed using the most up-to-date information available at the time of its completion using a variety of credited information sources and scientific databases on chemical hazards—however; no representation, warranty, or guarantee is made to the SDS's accuracy, reliability, or completeness. It is the user's responsibility to satisfy himself/herself as to the suitability and completeness of such information for his or her particular use. We do not accept any liability for any loss or damage that may occur from the use of this information nor do we offer warranty against patent infringement. The SDS does not constitute a guarantee for any specific product features and shall not establish a legally valid contractual relationship: explicit or implied. The product associated with this SDS has undergone limited testing and all hazards, besides flammability testing, are assumed from the individual ingredients in the mixture, diluted for potency. For a list of hazardous ingredients please refer to Section 3 of this SDS. It is the SDS's objective to provide as much information on the mixture as possible so that users can become more educated to the specific hazards associated with the product's use; however, this does not imply that the SDS is finalized as to its hazard classifications—as such, it is imperative that users ensure that this SDS is updated when a new version becomes available. For more information please contact the responsible party which can be found in Section 1 of this SDS.

(16b) Date of preparation and revision:

Please refer to the top right corner of the first page of this SDS for appropriate creation and revision dates. It is the user's responsibility to ensure that the SDS kept on file is the most up-to-date version of the SDS.
